

COMMERCIAL ART PROGRAMS

Artwork that becomes part of the stay.

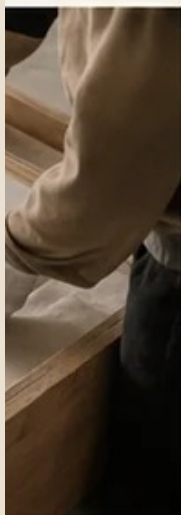

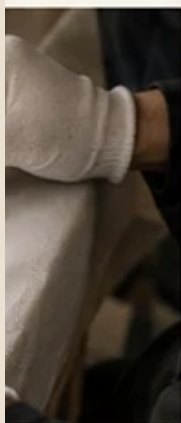

Coordinated artwork programs for hotels, resorts, restaurants and designed guest experiences—from first arrival through the final room detail.

THE STUDIO APPROACH

One visual language, carried through the property.

We build room-aware artwork systems that connect arrival, guestrooms, corridors, dining, meeting and wellness spaces without making every environment feel identical.

Art direction · Artwork schedules · Digital mockups · Framing and production coordination · Freight and installation planning

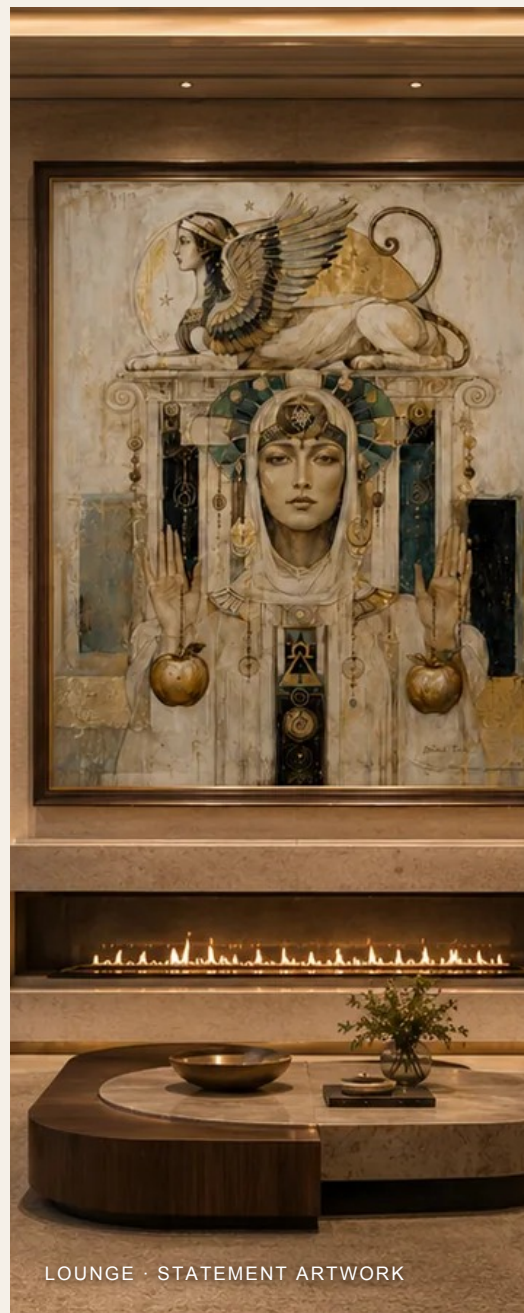

Establish the property's point of view at first sight.

Statement scale, coordinated series and durable specifications create a memorable arrival while supporting the architecture and material palette.

LOBBY · BOTANICAL TRIPTYCH

LOUNGE · STATEMENT ARTWORK

CORRIDOR · COORDINATED SERIES
HOSPITALITY ART COLLECTIONS

GUESTROOMS AND SUITES

Repeatable, never repetitive.

Artwork families can shift by room type, view, floor or palette while remaining part of one recognizable property story.

REORDER-READY SPECIFICATIONS

Dining and social spaces

Artwork can set the rhythm for restaurants, bars and lounges while respecting sightlines, lighting and the guest journey.

Meeting and event spaces

Flexible visual systems support conference, private dining and event environments without becoming generic.

WELLNESS AND RETREAT

Quiet visual direction with material presence.

Scale, palette and substrate work together to support calm, restorative spaces without disappearing into the background.

DECISION-READY SPECIFICATIONS

FROM BRIEF TO INSTALLATION

A clear commercial-art process.

- | | | |
|----|------------------|--|
| 01 | DISCOVER | Property story, design direction, spaces, scale and project constraints. |
| 02 | CURATE | Artwork families, applications, palettes and initial room relationships. |
| 03 | VISUALIZE | Digital mockups, scale studies and concept presentation for review. |
| 04 | SPECIFY | Artwork schedule, dimensions, substrates, frames and hanging details. |
| 05 | PRODUCE | Approvals, fabrication coordination and quality checkpoints. |
| 06 | DELIVER | Protected packing, freight planning, installation coordination and reorders. |

CUSTOMIZATION

Adapt the collection without losing its point of view.

Property palettes, companion families, approved crops and partnership applications can extend the collection while preserving a consistent visual system.

PROGRAM LEVELS

Start at the level your project needs.

Documented starting ranges help design and development teams qualify fit before requesting a detailed project plan.

01	Mini Art Direction Board	Early evaluation or concept testing for a property direction.	\$750–\$1,500
02	Room Art Package	One defined commercial room or area with coordinated artwork direction.	\$2,500–\$15,000+
03	Property Art Program	A coordinated whole-property program with room-by-room planning.	\$15,000–\$150,000+
04	Multi-Location Art Rollout	Repeatable artwork systems across multiple properties or locations.	Custom quote

Final scope, availability and pricing are confirmed after the studio reviews the project brief.

PROPOSAL PACKAGE

A decision-ready presentation.

Art direction, room applications, schedules, material selections and specification pages are organized into one approval package for design and procurement teams.
